# B2B Match- making

## New Manufacturing & Composite Processes

**INVITATION**  
**Wednesday**  
**3 July 2019**  
**13.00 h**  
**RWTH Aachen**  
**(D)**

A **Cross Border** Matchmaking Event

## B2B Matchmaking

### New Manufacturing & Composite Processes

New products and materials require new joining technologies. Identical but also different materials are to be connected with each other. This offers opportunities to open up new markets with new products and services.

Experts from the cross-border regions will inform you about proven processes and current trends and challenges in joining technology. Several companies will present themselves with short presentations (pitches) in which they will also explain their concrete ideas for a cooperation. You will also get to know each other in one-on-one meetings to discuss questions or approaches to solutions in detail.

During the networking part there is a possibility to visit research laboratories at the RWTH Aachen Institute for Welding and Joining Technology (ISF).

And, please keep in mind: As part of our "Innovation 2Market" project we provide financial support for cross-border cooperation!

Use this opportunity to find your perfect match!

**We look forward to welcoming you!**

## HYPEREGIO – I2M

Find your Perfect Match!

Do you have a particular "close-to-the-market"  
innovation and are you looking for complementary  
cross-border business partners to realize  
marketable solutions?

HYPEREGIO – Innovation2Market supports you  
in boosting your mature innovation (TRL 5-8), which  
is still in a pre-competitive stage!

- Join our interdisciplinary application- and B2B-oriented **euregional events and matchmakings**
- Benefit from the support of our **BDS-managers**, connecting you to other SMEs and – if needed – major enterprises or knowledge institutions
- Receive your B2B-innovation voucher: Each starting cross-border SME-based R&D consortium is supported by a free **€ 12,000 grant** to develop its innovation
- And benefit from our **assistance in finding** suitable **European and regional fundings** to realize your joint innovation project
